CS 137: Assignment #0

Due on Friday, Sep 16, 2022, at 11:59 PM

Submit all programs using the Marmoset Submission and Testing Server located at
https://marmoset.student.cs.uwaterloo.ca/

Victoria Sakhnini

Fall 2022

Notes:

- For help with this assignment, see the Lab Guide on LEARN's Content/Tips page. It will help you to set up your computer for the course and help you complete this assignment.
- Attend the Lab on Sep 13th, 2022, in MC3003 and complete A0. An ISA will be present to answer your questions and help.

Problem 1

Write a C program named `hello.c` (this is the file name to submit to marmoset) that prints the string `"Hello CS137 2027 Cohort!"` (With no quotes) followed by a newline character.

Note: There is one single space between each two words
